

NORTH CAROLINA STATE BOARD OF EXAMINERS OF ELECTRICAL CONTRACTORS

NEWSLETTER

FEBRUARY 2013, EDITION #63

MESSAGE FROM THE CHAIRMAN

January has arrived bringing in a New Year and hopefully a more prosperous and rewarding year for all of the individuals/contractors licensed by the Electrical Board.

Mr. Julian Burns representing the NC Association of Electrical Contractors is scheduled to cycle off the Board and all of us would like to thank him for serving for the past seven years plus his term from 1995 to 2002 including Chairman from 1999 to 2002. Mr. Burns has been at the forefront of many changes while serving on the Board and we all thank him for his dedication, vision and willingness to go the extra mile when needed. I learned from Mr. Burns early on that our job on the Board is to serve all the individuals and companies licensed by the Board while protecting the Public. Thanks Julian, you will be missed by all of the Board and Staff.

I would like to remind everyone who is not aware that the Board's Book Store is available for everyone to order the new 2011 National Electrical Code at a very competitive price that includes tax and shipping. All you have to do is log in to the Board's web site, create an account and place your order. In addition to the 2011 National Electrical Code book you will find additional books that are free that may serve your needs. I encourage all to take advantage of the free literature provided by the Board.

In closing I would like to thank all of the Board's Staff and my fellow Board Members for all their hard work that made 2012 a success and 2013 is sure to be one as well. Wishing the best to all in 2013 from all of us on the Board and Staff.

Don J. Harrison, Board Chairman

3. While still on probation with the Board, Respondent authorized his license to be used by Leonine Protection Services, LLC, to obtain license #1727-CSA from the North Carolina Alarm Systems Licensing Board; full time employment of the holder of a license as an electrical contractor is a prerequisite to licensure by the Alarm Board. Such license has been issued each year from September 9, 2005, to the present in the name of Leonine Protection Services, LLC, at a time when Respondent represented to this Board that he was employed at Bowden Construction Management & Electrical Contractors.

4. The testimony was that Respondent had given a copy of his license each year to Leonine Protection Services after receiving it from this Board and that Respondent was aware the license would be used by Leonine Protection Services to obtain license from the Alarm Board.

at Bowden Construction Management & Electrical Contractors.

9. Respondent has never been an employee of Leonine Protection Services, LLC, and did not contract the job contracted by Leonine described in the previous paragraph.
