

NORTH CAROLINA STATE BOARD OF
EXAMINERS OF ELECTRICAL CONTRACTORS

NEWSLETTER

FEBRUARY 2019, EDITION #74

2019 NC ELECTRICAL INSTITUTE

Please accept this invitation to attend our 90th Annual Meeting to be held in Raleigh, NC on April 9-10, 2019 at the **Hilton North Raleigh**.

The Institute is an educational program made possible by the NC Ellis Cannady Chapter of the IAEI, the NC State Board of Examiners of Electrical Contractors, and the NC Department of Insurance, Office of State Fire Marshal.

This year the Institute will feature an Electrical Code Workshop that consists of a panel of nationally recognized Code experts responding to questions submitted from interested parties throughout the State. See below for the list of confirmed panelists. The panel will be moderated by Joseph Starling and assistants, all of which are State Electrical Inspectors. The objectives of the Electrical Institute are to establish consistent application of electrical construction standards and practices to promote uniformity and public safety.

Social and Banquet – Registration fees include a social/mixer which will be held on Tuesday, April 9, 2019 from 6:30-7:00 pm. Light snacks and beverages will be served. We encourage all participants to utilize this opportunity to exchange ideas and make new acquaintances.

The Institute Banquet – dinner and light entertainment will follow this social/mixer. Participants interested in attending the banquet must register for this function on the enclosed registration form.

Donations Appreciated – Parties wishing to donate door prizes to be given away at the banquet or Institute meeting in return for recognition may do so by contacting Epsie Stevens or Mitch Bryant.

Room Registration - The Hilton North Raleigh is holding rooms until **March 8, 2019**. Rooms are limited and will be filled on a first come basis. When requesting your room, it is important to indicate that your reservation is for the NC Electrical Institute to assure convention rates. The hotel has advised that either a credit card number or cash deposit will be required to guarantee your room reservation. The enclosed information is furnished to assist you in making your reservations.

Registration and Continuing Education – Reminder – Register Online – Be on Time. Go to www.ncbeec.org/institute and begin your registration for the 2019 Electrical Institute. After you complete the registration form, pay with a credit card and submit directly to the Electrical Institute.

Pre-Registration forms may also be submitted by fax/email or USPS. A form is available in this newsletter

To assist us with planning and preparation, we request that you pre-register and purchase your banquet tickets in advance.

16th ANNUAL CONTINUING EDUCATION INSTRUCTOR OF THE YEAR

Last year the Board presented Mr. Harold Richard Boyd with the 15th Annual Continuing Education Instructor of the Year Award. It’s time to cast your vote for the 2018 recipient of the “Instructor of the Year” Award. With your votes we will select an instructor who is dedicated and highly skilled and inspires others to learn.

The Board would like for you to cast your vote for an instructor you feel should receive special recognition. If you have had an instructor who gave you valuable information on the NEC and quality time for your required continuing education, please submit the instructor’s name. Also, you can submit a note or letter on why you feel the instructor should receive this recognition. The instructor with the most votes will be recognized at the North Carolina Electrical Institute meeting being held April 9th and 10th, 2019 in Raleigh, NC.

If you would like to participate, please detach and complete the nomination form below, notify us by email: aparris@ncbeec.org or vote on the Boards website at www.ncbeec.org under “Continuing Education” and “Instructor of the Year Award”. If you use this form please cut on the dotted line and return it to the Board’s office. The address is:

N. C. State Board of Examiners of Electrical Contractors
3101 Industrial Drive, Suite 206
Raleigh, NC 27609

You must submit your vote to the Board’s office by February 12, 2019.

Thank you for your participation.

ORDERS

CASE FILE NUMBER: 2008-151

LICENSEE: Sayyid Hakeem Abdullah

ADDRESS: 1137 Damascus Drive
Wendell, NC 27591

LISTED QUALIFIED INDIVIDUAL: Sayyid Hakeem Abdullah

LICENSE NUMBER: SP.SFD.32692

VIOLATION(S): Sayyid Hakeem Abdullah made a formal request to modify a Board Order dated September 29, 2008. The Staff received this request by email on July 25, 2018. Previous Board Order issued noted the following;

1. Violation of North Carolina General Statute 87-47 (a1) (4) in that:

Sayyid Hakeem Abdullah submitted application for a Limited Examination on September 18, 2006, and the matter was deferred to the Disciplinary Committee in accordance with Board Rule .0901, which requires delay of a minimum of one year after completion of any sentence other than parole or unsupervised probation.

2. The Board staff presented evidence of multiple incidents, infractions and a substantial criminal record of several convictions including a felony conviction during 2005, communicating threats, resisting public officer, possession of stolen goods, second degree trespass, larceny, carrying concealed weapon, shoplifting, drug paraphernalia, common law robbery, and unauthorized use of a vehicle.

BOARD ACTION: The Disciplinary Committee recommended: 1. That the application of for examination as an electrical contractor be allowed with provisions that applicant:

(a) be placed on probation for three (3) years after obtaining license;

(b) submit to random drug tests during the three (3) year probation and submit any drug screening results to the Board;

(c) work for a period of twelve (12) continuous months for a licensed electrical contractor after passing the examination;

2. In the event of any charge or conviction of a crime other than minor traffic violation during the three (3) year probation, or violation of G.S. 87-47, license will be revoked automatically.

There was no objection by you and the Recommended Order was approved by the Board as a Final Order on September 29, 2008.

The Disciplinary Committee considered the following:

The Board's records show Mr. Abdullah passed the SP-SFD examination July 24, 2018. A drug test was

performed by Medfirst Medical Center in Raleigh on August 9, 2018 and results were negative. Mr. Abdullah has been employed in the electrical trade working for CCS Staffing, Tradesman International, Premier Electrical Staffing and L.L. Van Electric, Inc. since Board Order was issued September 29, 2008. Mr. Abdullah's request is not to have meet the requirements of the previous Order as written. Mr. Abdullah showed proof he has completed all the requirements of the Order prior to passing a Board examination.

BOARD ACTION: The Disciplinary Committee found that Sayyid Hakeem Abdullah is of sufficiently good character at this time and his request to modify Board Order dated September 29, 2008 is granted. Sayyid Hakeem Abdullah and 3M Electrical Solutions may hold a valid electrical contracting license with no waiting period working for an electrical contractor, no random drug testing and no probation.

There was no objection from Sayyid Hakeem Abdullah and Consent Order was approved by the Board as a Final Decision December 13, 2018.

RECENT DISCIPLINARY ACTION TAKEN BY THE BOARD

6. Failed to resolve matters with the Boards field investigator in a timely manner.

BOARD ACTION: Based upon the foregoing Findings of Fact and Conclusions of Law, it is the recommendation of the Committee that the Board enter the following Order:

The qualifications of Hubert Garland Hicks and the license of HGH Electric is place of probation for twelve (12) months. During probation Hubert Garland Hicks must comply with the following conditions:

1. Commit no further violation of Article 4, Chapter 87 of the General Statutes or the rules of the Board;
2. Have written contracts or proposals for all projects having a project value in excess of one hundred dollars (\$100.00) signed by the licensee and customer for each installation for which the licensee is responsible;
3. Obtain permits prior to commencement of work and obtain inspections within ten (10) days of substantial completion for all work for which license is required;
4. Maintain job files or other written records of contracts made and installations performed;
5. Utilize only employees receiving a W-2 from the Respondent firm and only on projects for what the firm has its electrical contracts and provide supervision by a qualified person;
6. Maintain records detailing and documenting compliance with the provisions of the probation order which records shall be available for inspection at any time during normal business hours upon request of the staff of the Board;
7. Harold Garland Hicks must attend and pass Contractor Disciplinary Business Course offered by Umpire Technologies (919) 624-3456.
8. Harold Garland Hicks must attend a Board Laws and Rules course offered by the Board.

In the event of failure to comply with the terms of probation, your license and the right to serve as a listed qualified individual on any license will be suspended for six (6) months or until required courses are completed. The Board may impose such additional sanctions as indicated by any new violation of G.S. 87-47.

There was no objection from Hubert Garland Hicks and Recommended Order was approved by the Board as a Final Decision December 13, 2018.

LICENSEE: Future Connections Electrical Inc.

ADDRESS: 988 Trinity Road
Raleigh, NC 27607

LISTED QUALIFIED INDIVIDUAL: John Allen Benforado

LICENSE NUMBER: U.21097

VIOLATION(S): 1. Respondent John Allen Benforado holds license number 21097-U and is the listed qualified individual for Future Connections Electrical, Inc.

2. Respondents have engaged in business as an electrical contractor on multiple occasions under subcontracts with or at the request of Aquatic Management Group, Inc. ("AMG") AMG holds limited license 68520 as a North Carolina General Contractor with Christopher Carver as its qualifier. Those subcontracts and requests for assistance included agreements to install, maintain, alter or repair electrical work, wiring, devices, appliances or equipment.

Heritage Pool

3. Respondents engaged in business as electrical contractors on various occasions, under contracts with Aquatic Management Group, Inc. Aquatic Management Group, Inc. holds limited license 68520 as a North Carolina General Contractor with Christopher Carver as its qualifier. These contracts included agreements to install, maintain, alter or repair electrical work, wiring, devices, appliances or equipment. One such occasion included work that took place on the grounds of a swimming pool located at 226 Valley Forge Road in the Heritage Point subdivision in North Raleigh ("Heritage Pool").

4. The pool in question was owned by Heritage Point Homeowners Association and managed by Aquatic Management Group, Inc.

5. On or about July 24, 2015, Respondents, at the request of AMG, inspected a nonfunctioning pool pump motor at the Heritage Point Community Pool located at 226 Valley Forge Road, Raleigh, North Carolina. Following an inspection of the pool pump motor, John Hobson of Future Connections replaced the start capacitor. There is a factual dispute as to whether Mr. Hobson utilized a 50-microfarad (μF) capacitor as documented in Respondents' records or a 30- μF capacitor as was subsequently discovered after September 3, 2016.

6. On September 3, 2016 a tragic drowning and electrocution occurred at the Heritage Point Community Pool. Following the drowning and electrocution, Respondents assisted in an inspection of the electrical wiring, devices, appliances and equipment at Heritage Point Community Pool as part of a cause analysis under the supervision of the Wake County Sheriff's Department, the Occupational Safety and Health Division of the North Carolina Department of Labor, and the Wake County Planning, Development and Inspections Department. The Inspection concluded that: a) the pool pump motor failed; b) a ground fault occurred; c) an electric feeder to a pump house had an open grounded conductor which was the intended path of any fault current in order to cause the breaker/overcurrent device to trip; d) after the ground fault occurred, the fault current followed the available path to the pool water; and e) a voltage gradient was created.

7. The Staff asserts that additional investigations indicate that the manufacturer's specified 50- μF start capacitor for the pool pump motor had been replaced with a 30- μF capacitor causing a build-up of heat and a resulting short

RECENT DISCIPLINARY ACTION TAKEN BY THE BOARD

circuit. The Staff further asserts that Respondents' employees should have performed further inspections or testing of insulation integrity, system integrity or hazardous conditions beyond the pump and its disconnect, owing to the existence of Pool Trouble Shooting Procedures developed by Respondents.

8. Respondents admit that later investigations of the incident revealed that a 30- μ F capacitor had been installed in the pool pump motor despite the manufacturer's specification of at 50- μ F capacitor. Respondents deny installing the incorrectly sized capacitor. Respondents further deny that the installation of a 30- μ F capacitor caused a meaningful build-up of heat or resulted in the pump motor short-circuiting. Respondents admit that they have developed Pool Trouble Shooting Procedures to serve as a checklist of possible things to consider when their workers had difficulty determining the cause of a problem at a jobsite. Respondents assert that these procedures were developed to assist Respondents' employee in assessing a problem and are not applicable or mandatory in all circumstances. Respondents further assert that because Mr. Hobson correctly assessed the issue at the Heritage Point Community Pool and properly replaced the malfunctioning start capacitor in the pump motor, it was not necessary to employ all steps delineated in the Pool Trouble Shooting Procedures.

9. It is alleged by Staff that with regards to its electrical work at the Heritage pool, that Respondents failed to provide necessary and sufficient supervision to ensure that the electrical installation was carried out in a workmanlike manner with the requisite skill and failed to ensure the installation was made properly, safely and in accordance with applicable codes and standards and thereby created potential safety hazards and otherwise violated the requirements of N.C.G.S. § 87-43, N.C.G.S. § 87-47 (a) (1) and (7), 21 NCAC 18B .0907, 21 NCAC 18B 0908 and 21 NCAC 18B.0909. Respondents deny those allegations. Bela Casa, Parkside Community Pool

10. On or about July 15, 2016, Gary Johnson from Future Connections, at the request of AMG went to the Bella Casa, Parkside Community Pool located at 2300 Mount Zion Road, Apex, North Carolina, to evaluate why the pool pump was not running. Mr. Johnson determined that there was power to the pump motor and that the shaft spun freely. Mr. Johnson concluded that the motor needed to be repaired and reported the same to AMG making note of the type and specifications of the motor. Respondents do not know who replaced the pump motor or when that work was performed. Future Connections was not requested to perform the repairs. The Board's investigation concluded that an employee of AMG replaced the motor and related electrical connections with no supervision by a licensed electrical contractor and without obtaining necessary permits. Neither AMG, nor its

employees, were licensed as electrical contractors at the relevant time.

11. On or about August 31, 2016 AMG contacted Future Connections to inspect the bonding and grounding of the pump equipment at Bela Casa, Parkside Community Pool which was found to be in good order. At around the same time, Greg Blum from AMG sent a text to Shane Milburn of Future Connections asking if Future Connections could look at a pump at Bela Casa, Parkside Community Pool that one of AMG's employees had changed out. Mr. Milburn told Mr. Blum that Future Connections' employee onsite doing the grounding and bonding check had noticed that the pump had been changed out and inspected the wiring and stated that it was properly done. The pool pump installed by AMG had been in operation for the time period of July 24, 2016 to August 31, 2016 without any inspection by any local authorities with jurisdiction to enforce the North Carolina building code and without supervision or installation by a licensed electrical contractor. In July 2017, at the suggestion of Board staff and despite not having changed out the pump motor in question, Future Connections obtained the appropriate permits to replace the pump motor at Bela Casa, Parkside Community Pool, checked the work performed by someone else and obtained all necessary permit approvals.

12. It is alleged by staff that Respondents failed to properly supervise its employees during the performance of the aforementioned electrical contracting repairs. The staff further alleges that Respondents aided and abetted Matthew Church, an unlicensed employee of AMG, in the installation of electrical wiring for a pool pump motor by assuming responsibility for said unsupervised installation, which they agreed to inspect after the installation and after the pool was open for swimming. Respondents deny that they aided and abetted Mr. Church, or anyone else from AMG, in in unlicensed practice but, despite not having performed the work, inspected it while at the location for another purpose and have since had the work inspected and approved by the Town of Apex in July 2017.

13. It is alleged by staff that, with regards to the electrical work at the Parkside pool, Respondents violated the requirements of N.C.G.S. § 87-43 and N.C.G.S. § 87-47 (a) (3) and (7), 21 NCAC 18B.0907(c), 21 NCAC 18B.0908(c) and 21 NCAC 18B.0909. Respondents deny that their involvement with AMG and the Parkside Community Pool constitute violations of N.C. Gen. Stat. § 87-47(a)(1), of 21 NCAC 18B.0907(b) or (c), of 21 NCAC 18B.0908 or of 21 NCAC 18B.0909.

14. Respondents acknowledge the Staff's contentions that Future Connections' involvement with AMG and the Parkside Community Pool and others for which inspections have now been made and approved may be a violation N.C. Gen. Stat. § 87-47(a)(3) and 21 NCAC 18B.0907(a). License Lapse

RECENT DISCIPLINARY ACTION TAKEN BY THE BOARD

15. It is also alleged by staff that Respondents engaged in electrical contracting with an expired license for the time period of August 31, 2016 to September 9, 2016.

16. Respondents admit that on or about 4 September 2016, Greg Vance of Wake County, Planning Development and Inspections Department notified Mr. Benforado that his license had expired without renewal in the context of their work investigating what happened at Heritage Pool in September 2016. Respondents assert that upon such notification, Mr. Benforado pulled all of Future Connections employees from their jobsites and set about to complete and file the appropriate paperwork to renew his and Future Connections' licenses. Respondents specifically deny that their assistance with the investigation of the incident at Heritage Point Community Pool required a license as there was no power to the facility and the meter had been removed.

Other Employment

17. The Staff alleges that for a period of time February 9, 2012 to December 29, 2017 including at the time of the work performed at the Heritage Pool, Respondent Benforado was working nearly full-time or full-time in his individual capacity for an electric utility and not on regular, active duty with Future Connections Electrical, Inc. and failed to carry out the degree of attendance, participation and oversight necessary to carry out proper supervision of Respondents' projects.

18. Respondents deny that Mr. Benforado was employed nearly full-time or full-time from 9 February 2012 to 29 December 2017 in an individual capacity by an electric utility. Respondents acknowledge that at various points in time, but not during the time period in Future Connections performed work at Heritage Pool, Mr. Benforado worked for a contractor for an electric utility in Wake County; that he was always available by telephone and had the capacity to, if necessary or warranted, to be present, in-person, at jobsites for inspections or at Future Connections' offices for consultation, direction and oversight. Respondents further assert that at no time during Mr. Benforado's engagement at the electrical utility was he unavailable to attend, participate or supervise Future Connections' efforts.

19. The Board finds as fact that Respondents aided and abetted unlicensed individual(s) who were engaged in electrical contracting work, failed to properly supervise employees, engaged in electrical contracting, failed to obtain necessary permits and inspections and otherwise violated the requirements of N.C.G.S. § 87-43 and N.C.G.S. § 87-47 (a) (3) and (7) and 21 NCAC 18B.0907(c), 21 NCAC 18B.0908(c) and 21 NCAC 1 SB.0909.

20. The Staff alleges and the Board finds and acknowledges that after the matters addressed herein were raised by Staff to Respondents, Respondents were wholly cooperative with the investigation and resolution of this matter; Respondents provided voluminous

documentary evidence that they subsequently obtained all necessary and required permits for the work performed or reviewed and that no actual harm came to the public.

21. Respondents have no previous disciplinary record before the Board.

22. The Board acknowledges that Respondents dispute the contentions of the Staff as stated above and any adverse conclusions of law drawn therefrom. Nevertheless, Respondents are willing to enter into this agreement to terminate further controversy with respect to the matters raised herein and without any admission of liability. Respondents acknowledge that the above allegations of Staff, if proven true, may demonstrate malpractice and misconduct in the practice of or in carrying on the business of electrical contracting.

BOARD ACTION: Based upon the foregoing Findings of Fact and Conclusions of Law, the Board enters the following order as to Respondents:

1. The license of Respondent Future Connections Electrical, Inc. and its qualifier, John Allen Benforado is suspended for ninety (90) days. During the suspension period, the Respondent firm will not enter into any electrical contracts nor perform any work that requires an electrical license.

2. Following the period of suspension, the license of Respondent Future Connections Electrical, Inc. and its qualifier, John Allen Benforado is placed on probation for a period of six (6) months and during the period of probation, the Respondents shall:

- Have written contracts signed by licensee and customer for each installation for which licensee is responsible;
- Obtain permits prior to commencement of work and request inspections within ten (10) days of substantial completion of all work for which license is required;
- Personally examine each job before each inspection request.
- Maintain job files or other written records of contracts made and installations performed;
- Commit no future violations of Article 4, Chapter 87 of the North Carolina General Statutes or the Rules of the Board with regard to any qualification administered by the Board;
- Maintain the foregoing records, receipts and contracts for immediate review by the staff of the Board upon request; and
- Produce evidence that the individual Respondent has taken and passed a level 1 electric code course.

3. This Order applies to both John Allen Benforado and Future Connections Electrical, Inc.

4. In the event Respondents fail to comply with the terms of this probation, then the Respondents will be subject to additional discipline, which may include revocation.

There was no objection from John Allen Benforado and Consent Order was approved by the Board as a Final Decision December 13, 2018.

LICENSEE: Louisburg Electric Company

ADDRESS: 600 Ferrells Bridge Road
Louisburg, NC 27549

LISTED QUALIFIED INDIVIDUAL: Freddy Lee Little

LICENSE NUMBER: L.17352

VIOLATION(S): 1. Respondent Freddy Lee Little holds license number L-17352 and is the listed qualified individual for Louisburg Electric Company.

2. The Respondent business is located at 600 Ferrells Bridge Road, Louisburg, NC 27549.

File #2018-94

RECENT DISCIPLINARY ACTION TAKEN BY THE BOARD

3. During November of 2017 Respondent allowed an electrical permit to be issued in the name of Louisburg Electric Company for an electrical services contract by an unlicensed individual, Osvaldo Gomez-Iturbide who was not a bona fide employee of Louisburg Electric Company. The contract was for an electrical wiring project at 8001 Shellnut Road Raleigh, NC which was a residential renovation project under a contract with Mahul Patel and his firm Dhoom Dhadaka, LLC. The permit in the name of Louisburg Electric and the contract by Osvaldo Gomez-Iturbide followed work performed by others. Concerns with the quality and timeliness of the work by third parties that predated the permit in question were not used as a basis for discipline in this matter.

4. On or about June 5, 2017, Mahul Patel and his firm Dhoom Dhadaka, LLC were retained to remodel the interior of a residence located at 8001 Shellnut Rd., Raleigh, NC.

5. Mr. Patel and his firm Dhoom Dhadaka, LLC contracted with Daniel Stone of Daniel Stone Plus and paid Daniel Stone Plus \$50,000 for work, including electrical work. Mr. Stone hired Juan Lopez to do the electrical and plumbing work. Separate complaints were generated as to that work and have been addressed separately.

6. Mr. Stone used Phil Siegman's license L-10529 listed in the name of Sunset Lightscapes to obtain an electrical permit from the City of Raleigh Inspections. Said license was expired and Harold Bonin was the last listed qualifier for that license. Separate complaints were generated as to that work and have been addressed separately.

7. The work contracted by Mr. Stone was not completed to Mr. Patel's satisfaction. Using the license number from the permit to identify the electrical contractor, Mr. Patel contacted Harold Bonin. Mr. Bonin visited the jobsite and advised the job was not up to code and improper wiring was used. Mr. Bonin initially offered to upgrade the service with the main panel outside with a new 4-wire feeder cable to the subpanel for an additional \$500. However, Mr. Bonin never returned calls or returned to the job after August 2, 2017.

8. On or about August 5, 2017, Mr. Patel terminated the contract with Daniel Stone.

9. On August 28, 2017, Mr. Patel contracted with Greg Carter, who was using license L29507, purportedly in the name of SG Electric to correct the improper electrical for \$4,900 and paid him \$1,700 to be begin work. Mr. Carter failed to return. The license purportedly used by Greg Carter was actually issued in the name of GP Electrical Contracting and held by Gary Scott Pagano.

10. On or about November 3, 2017 Osvaldo Gomez-Iturbide contracted with Mehul Patel and his firm Dhoom Dhadaka, LLC to install electrical wiring at 8001 Shellnut Road, Raleigh, North Carolina.

11. Osvaldo Gomez-Iturbide, who is not a bona-fide employee of Louisburg Electric Company, used license L-17352 issued to Louisburg Electric Company to obtain an

electrical permit. He completed the electrical rough in and was paid \$3,500. Respondent allowed the improper use of his license to obtain that permit.

12. A Final Electrical Inspection has not been completed for the job at 8001 Shellnut Rd., Raleigh, NC.

13. Respondent Freddy Little failed to cancel the permit even after being advised by board staff twice (on 4/18/18 and 4/27/18) that the permit existed in the name of Louisburg Electric Company. Respondent Little maintains that his son obtained the permit with his permission for the work, however the contract was by an unlicensed firm/individual as set forth above.

14. Respondent failed to supervise employees or others performing electrical contracting using his license number. Respondent initially admitted to Board staff that he had never been to the job in question. During the hearing, Respondent contended that he had been to the job and supervised the work but his testimony lacked detail and was inconsistent with the scope of work set forth in the contract.

15. By allowing an individual who was unlicensed and not a bona-fide employee to use his license and then failing to resolve the permit and contract issues once he was placed on notice of those issues, Respondent has violated GS. 87-47 (a1) engaged in gross negligence, misconduct and engaged in deceit or unethical conduct in the use of his license.

File #2018-271

16. Respondents have violated G. S. 87-47 (a1) (3) and (7) in that Freddy Lee Little and Louisburg Electric Company:

(a) Aided or abetted unlicensed activity in that Freddy Little allowed Tyrone Evans to install electrical work on a project at 123 Grange Drive, Wendell, NC. Tyrone Evans is not a bona fide employee of your company;

(b) Failed to obtain required electrical permit before commencing work on this project;

(c) Failed to supervise employees in that Tyrone Evans, a non-bona fide employee, and Freddie Little installed electrical work on this project without supervision;

(d) Failed to communicate with Board Staff to resolve this matter; and

(e) Engaged in misconduct, malpractice or unethical conduct in the use of electrical contracting license.

17. With regards to the Wendell matter the Respondent indicates this project and the permitting occurred by his son without his knowledge.

18. The panel did not find the Respondent's testimony to be credible in its entirety when considered in the context of the exhibits.

BOARD ACTION: Based upon the foregoing Findings of Fact and Conclusions of Law, the Board enters the following order:

1. Respondent's license is actively suspended for one year.

RECENT DISCIPLINARY ACTION TAKEN BY THE BOARD

2. Prior to the conclusion of the one year active suspension, Respondent shall enroll in and successfully complete the Laws & Rules Course recommended by the Board.

3. In the event of violation of Respondent's failure to complete the Laws & Rules Course recommended by the Board, comply with the terms of his suspension or otherwise violate the terms of this Order, Respondent's license will be permanently revoked.

4. Upon reinstatement of Respondent's license, it shall be placed on a 1 year probation subject to the following terms:

(a) implement procedures and supervision adequate to assure that jobs typically pass both rough-in and final inspection without reinspection;

(b) implement procedures within his business adequate to assure that final inspection is requested within five (5) days of substantial completion of each installation, and that the results of the inspection request are known and of record in the business within a like period of time;

(c) implement procedures to call for reinspection, if necessary, within ten (10) days after the request for final inspection;

(d) Respondent shall obtain permits as required and deliver signed written proposals for each installation for which licensee is responsible prior to beginning work on any installation;

(e) have written contracts signed by the licensee and customer for each installation for which licensee is responsible;

(f) maintain job files or other written records of contracts made and installations performed;

(g) maintain job files or other written records of contracts made and installations performed;

(h) commit no violation of Article 4, Chapter 87 or the Rules of the Board with regard to any qualification administered by the Board; and,

(i) maintain the foregoing records, receipts and contracts for immediate review by the staff of the Board upon request.

There was no objection from Freddy Lee Little and Order was approved by the Board as a Final Decision November 13, 2018.

CASE FILE NUMBER: 2018-187

EXAM APPLICANT: Timothy Eric Elrod

ADDRESS: 50 Tylers Run

Rocky Point, NC 28457

VIOLATION(S): 1. Applicant submitted an application to take the examination for a Limited Electrical License on August 6, 2018. That application included an appropriate disclosure of a prior criminal record including felony convictions on March 1, 2000 for Second Degree Sexual Offense, Second Degree Rape and Indecent Liberties with a child. Those convictions were based on multiple interactions with one individual during the time-period of February 1998- April 1998.

2. At the time of the offense, the Applicant was 21 years old and the victim was 14 years old according to the Sex Offender Registry. There is conflicting information that the victim was actually 15 years old. Applicant admits the "consensual" relationship was wrong and the result of his willingness to take advantage of an imbalance of maturity and power and that a minor cannot give actual consent in that situation.

3. Applicant has completed all terms of his sentence, including active jail time followed by probation. Applicant is registered on the sex offender registry. Applicant has demonstrated that he completed all rehabilitative steps that were part of his criminal sentence and denied any present attraction to minors.

4. Applicant presented testimony and evidence that he has been employed since completing his sentence and has the support of his employer.

5. Applicant is now married and has a child. Applicant has been a contributing member to society since the completion of his criminal sentence.

6. The Committee considered the Applicant's work history, efforts towards rehabilitation, the passage of time since the crime, the age of the Applicant at the time of the crime and the lack of additional criminal charges since his convictions. The Committee finds that the Applicant does not appear to be a present risk to others and has satisfied the character requirements to sit for examination, notwithstanding his prior criminal convictions.

BOARD ACTION: Based upon the foregoing Findings of Fact and Conclusions of Law, it is the recommendation of the Committee that the Board enter the following order:

1. That Applicant be allowed to take the Limited License Examination;

2. If Applicant passes the exam, he will be eligible for a limited license but shall be placed on probation for the time-period that he remains listed in the NC Sex Offender Registry. In the event Applicant's name is removed from the NC Sex Offender Registry before one year has elapsed since Applicant's licensure, then Applicant shall remain on probation for one year;

3. The terms of Applicant's probation will be as follows:

(a) Applicant shall have written contracts signed by the licensee and customer for each installation for which licensee is responsible;

(b) Applicant shall obtain permits prior to the beginning of work for all work requiring license from the Board;

(c) Applicant shall maintain a minimum 80% passing rate on inspections;

CASE FILE NUMBER: 2018-197

LICENSEE: Hutcheson Builders LLC

ADDRESS: P. O. Box 434

Southmont, NC 27351

LISTED QUALIFIED INDIVIDUAL: Ron L. Hutcheson

LICENSE NUMBER: L.25893

RECENT DISCIPLINARY ACTION TAKEN BY THE BOARD

VIOLATION(S): The Disciplinary Committee reviewed evidence which establish that Ron L. Hutcheson and Hutcheson Builders LLC violated GS 87-47 (a1) (1), (2), (3), (5), (6) and (7) in that:

(1) Firm continued to operate your electrical contracting business after license expired and firm renewed license late six of the last ten years;

(2) Have aided or abetted unlicensed activity in that firm:
a. Employed Shane Hutcheson, an unlicensed person, to perform electrical wiring under license of Hutcheson Builders LLC without being a bona fide employee; and
b. Allowed Shane Hutcheson to obtain permits using license issued at Hutcheson Builders, LLC, while he conducts business in company name of Hutcheson Electrical, LLC;

(3) Operating business and engaged in false, misleading in that firm advertise business as Hutcheson Builders LLC and conduct business as Hutcheson Electrical LLC. Hutcheson Electrical LLC is the active name listed with the NC Secretary of State which holds no electrical contracting license;

(4) Hutcheson Builders LLC is not an active company and is expired with the NC Secretary of State;

(5) Ron L. Hutcheson failed to comply with agreement to the terms of probation (dated April 29, 2013) of Case File 2013-87 which required firm to obtain final electrical inspections on all open permits in jurisdictions of Cabarrus County, Davidson County, City of Thomasville, and Rowan County dated prior to March 2, 2013 by July 30, 2013. There is no evidence that any of the permits were closed with final inspections.

(6) Failed to correct deficiencies in a timely manner for a project at 155 Von Logan Ct, Thomasville, NC;

(7) Failed to supervise employees for a project at 155 Von Logan Ct, Thomasville;

(8) Installed electrical contracting work with violations of the State Electrical Code (2014 National Electrical Code)

on the project at 155 Von Logan Ct, Thomasville as follows:

a. Junction Box for no-niche luminaire is not identified as a swimming pool junction box per NEC 680.24.

b. LFNC to heater not strapped per NEC 356.30.

c. Where PVC transitions to LFNC, no connectors provided per NEC 356.42.

d. Individual THWN conductors feeding pool subpanel concealed behind wall without any type of raceway NEC 300.3(A).

(9) Has misrepresented or omitted a material fact on license applications. Company is listed with this Board as full-time, but Ron L. Hutcheson is retired and is not readily and active on duty to supervise and direct; and

(10) Engaged in malpractice or unethical conduct in the use of your license.

During the Hearing Ron L. Hutcheson advised he would like to voluntarily surrender his electrical contracting license and qualifications.

BOARD ACTION: Based upon the foregoing Findings of Fact and Conclusions of Law, it is the recommendation of the Committee that the Board enter the following order:

Respondent Ron L. Hutcheson offer to voluntary surrender his license to engage in business as an electrical contractor is accepted upon the effective date of this Order. This surrender is in lieu of disciplinary revocation and this Board will not consider any subsequent efforts by Respondent Ron L. Hutcheson to obtain a reinstatement of that license or any new license from the Board until he reappears before the Board's Disciplinary Committee.

There was no objection from Ron L. Hutcheson and Recommended Order was approved by the Board as a Final Decision December 13, 2018.
